The Magic of Live Wedding Art

With a Master's in Fine Arts and over 7 years of experience, Saumya Asthana brings your wedding day to life on canvas -- in real time. Based in Whitefield, Bangalore, she travels across India to capture your most cherished moments.

Imagine a professional artist at your wedding, painting the scene as it unfolds -- the vows, the laughter, the love. A live painting becomes the centrepiece of your celebration and a one-of-a-kind keepsake for a lifetime.

How It Works

1

Share Your Vision

Discuss your preferred moment and painting size with the artist.

2

Artist Arrives Early

Sets up 2-3 hours before the ceremony to prepare the workspace.

3

Live Painting

Creates the artwork during the event over 4-6 hours of dedicated painting.

4

Final Touches

Post-event studio refinement for fine detailing and finishing.

« Every brushstroke is a memory painted in real time. »
